SURFRIDER
FOUNDATION.

SAN DIEGO COUNTY

ONE OCEAN, ONE MISSION.

Dear Surfrider Supporter,

Join the dedicated staff, passionate volunteers, and engaged members of Surfrider Foundation San Diego County to protect and enjoy the world's ocean, waves, and beaches, for all people, through our powerful activist network!

To start, consider attending one of our monthly beach cleanups, as over 10,000 volunteers did in 2024, helping to remove over 12,000 lbs of trash from our local beaches.

Or go even bigger! The San Diego County Chapter of the Surfrider Foundation has seven volunteer-led [program teams](#) focused on clean water, coastal access protection, plastic reduction, and climate change solutions.

Next, we invite you to learn more about our [specific campaigns](#), where we empower our membership to actively participate in local issues core to our mission. Ongoing efforts include maintaining and expanding local plastic reduction ordinances throughout San Diego County, restoring a coastal access trail in La Jolla and continuing the fight for environmental justice and public health in the Tijuana River Valley, working toward a healthier future for the region.

As a final step, would you consider joining us in protecting San Diego County's coastline by becoming a sponsor and keeping this momentum going in 2025?

Our sponsors play a pivotal role in sustaining these critical programs and campaigns. Whether through a corporate donation, a sponsored beach cleanup, or becoming a recognized sponsor at one of our events, you can support Surfrider's mission while reaching over 65,000 Surfrider supporters, members, and volunteers in San Diego!

Thank you for considering this opportunity to make a lasting impact on our coastal community.

Sincerely,

Tom Cook

OUR MISSION.

The San Diego County Chapter of the Surfrider Foundation is a local nonprofit dedicated to the protection and enjoyment of the world's ocean, waves, and beaches, for all people, through a powerful activist network.

PROTECTING OUR COASTLINE, ONE WAVE AT A TIME.

San Diego County members are a diverse range of individuals, from ocean-lovers to creatives to scientists, who come together to create positive change in our community. The Surfrider Foundation is committed to fostering a diverse, equitable, and inclusive organization for all people who protect and enjoy the world's ocean, waves, and beaches. Our success and impact depends on learning from our community, standing in solidarity with our allies, and working towards a more just future, both for our organization and the environmental movement as a whole.

Our program work spans beach cleanups, community water quality testing, beach preservation, advocacy for clean water and coastal access along the U.S.-Mexico border, and countywide plastic reduction campaigns.

In 2024 alone, our efforts resulted in:

WHY SPONSOR.

Partnering with Surfrider San Diego is more than just sponsorship—it's a commitment to protecting our ocean, waves, and beaches while engaging with a passionate community that values sustainability. Your support directly fuels our mission-driven programs and provides unique opportunities to showcase your company's dedication to environmental stewardship.

Activation & Access – Connect with Surfrider supporters through unique engagement opportunities. Depending on investment level, sponsors can participate in exclusive experiences such as a private beach cleanup, an office presentation on ocean conservation, or hands-on involvement in a Surfrider-hosted community cleanup alongside local volunteers.

PR & Storytelling – Gain visibility as an environmental leader. Surfrider will celebrate your support across our network and provide high-quality event imagery and resources to help share your company's commitment to protecting our ocean, waves, and beaches.

Stewardship & Recognition – Use sponsorship benefits to engage your team, reward employees, or strengthen relationships with key stakeholders. Treat your team or clients to a meaningful experience that aligns with your company's values and supports local ocean conservation efforts.
